

This photo is the most memorable of these holiday. It was done in Karwia. We have a holiday house. Karwia is located in the south of Poland on the Baltic Sea. This is a small, pretty town. A lot of tourists love this town because they have many small restaurants. In the picture was sunset. I chose this photo because my most beautiful memory is watching the sunset here with my boyfriend. On the beach we can sit there, relax and enjoy the beautiful views. This place is very important to me because I have been going there for 8 years. When I am there I am full of energy and watching the sunsets there I feel like in a story. I highly recommend this place for me, it is the most beautiful place I have ever been to.
